

Common Threads 2025 UFO Program

March 20, 2025 through October 16, 2025

The goal of the 2025 UFO program is to motivate and encourage each other to complete projects that remain unfinished for any reason. If you have a project you are struggling with or need some additional assistance, you can bring that project for other guild members to make suggestions so you can make progress toward completion.

The 2025 UFO Program will start March 20 and complete at our Common Threads Quilt Guild meeting October 16, 2025.

Program Details

- March – Get the commitment form for your projects (included below)
- April – Bring your completed form to the guild meeting so we can accurately track progress throughout the year and give you credit as you complete each UFO. (Make sure you keep a copy or take a picture of your commitment form so you can track your progress throughout.)
- You can submit as many UFO Projects as you want to commit to for the year. Just make copies of the next page if you have more than 10!
- Definition of COMPLETED – Please define completion thoroughly on the form you submit. You decide how you consider each of your UFO's to be completed. It could include completion of the quilt or completion of the quilt top. As an example, you might consider your project completed if you finish the top and turn it in to be quilted as a charity quilt.
- When you complete a UFO, bring it to the next monthly Guild Meeting and for each completed project you will receive one purple ticket to be included in the drawing to be held at the meeting on October 16, 2025.
- For each UFO you list but do not complete this year, you will contribute one Fat Quarter for the October drawing. If you decide during the year that you are not going to complete a UFO, you can declare that and submit a Fat Quarter. Otherwise, you will bring one Fat Quarter to the October meeting for each project that remains unfinished.
