

# 8-at-a-Time Triangle-Square Units

Try this method to make 8 matching Triangle-Square Units at the same time.

## SEW SMART™ TIP

This method works for any size triangle-square unit. Cut squares twice the finished size of triangle-squares plus  $1\frac{3}{4}$ ".

1. Place Quarter Inch Seam Marker diagonally across wrong side of light square, with yellow center line positioned exactly at opposite corners. Mark stitching lines along both sides of the Quarter Inch Seam Marker. Repeat for opposite diagonal (*Photo A*).

**NOTE:** If you are not using the Fons & Porter Quarter Inch Seam Marker, draw a diagonal line from corner to corner across square. Then draw sewing lines on each side of the first line,  $\frac{1}{4}$ " away.

2. Place light square atop dark square, right sides facing; stitch along both sets of marked sewing lines (*Photo B*).

3. Cut stitched squares into 4 equal sections (*Photo C*).

4. Cut between rows of stitching to make 8 triangle-squares (*Photo D*). Press seam allowances toward darker fabric (*Photo E*).
