To view the Common Threads website on your mobile devices as you would on a regular computer, please follow the instructions below.

Several people have tested this out already and it is working great for them.

On your phone (make sure you have your phone to where it will rotate to landscape (horizontal view))

- ***If it is already bookmarked, please delete your bookmark.***
- ***Then:***
  - ***open a new page***
  - ***open the common threads website***
  - ***scroll all the way to the bottom of the page and you should see "mobile" or "web"***
  - ○***select web*** ***(it should change the way it looks; more like the computer)***
  - ***bookmark the page again***
  - ***close the page***
  - ***Open it again from your bookmark. It should open the same way as your computer.***
